Re: Project #17-017, Provident Hospital Dialysis Center

Dear Ms. Avery,

I submit this letter in strong support of the Cook County Health and Hospitals System's Certificate of Need application to add a 12-station dialysis clinic at Provident Hospital.

CCHHS currently operates a renal clinic at Provident Hospital. Nearly 15% of the Provident renal clinic patients are in Stage 5 chronic kidney disease and will soon require dialysis. Additionally, a number of the patients seen at CCHHS' 9-station dialysis clinic at John H. Stroger Jr., Hospital live in close proximity to Provident Hospital.

Providing patients with an option to receive their dialysis treatment close to their home will be tremendously beneficial. Adding a 12-station dialysis clinic at Provident Hospital will help address the growing need for community access to dialysis services.

With this in mind, I ask that you support CCHHS' application.

Thank you in advance for your consideration.

Sincerely,
